Software: Excel, Tableau, Databricks, VisualCron, Datafactory

PROFESSIONAL EXPERIENCE

DEFINITIVE HEALTHCARE, Framingham, Massachusetts   Oct. 2020 – Sep. 2022
Data Analyst 2 / Data Analyst 3

- Queried trillions of records with Databricks and SQL Server to pull data from company's database to create more than $100K worth of customized, actionable reports
- Led calls with clients to answer questions and match their business needs with our reporting capabilities leading to increased client satisfaction
- Performed impact analysis of data changes with SQL of over 100 files and communicated the effect of changes to Customer Success team minimizing negative client impact and confusion
- Taught new analysts SQL and acted as resource for 8 team members leading to knowledge sharing and increased team productivity

MANAGEMENT SOLUTIONS, Boston, Massachusetts   Jul. 2018 – Jul. 2020
Assistant Consultant 1 / Assistant Consultant 2

- Conducted surveys and detailed system analysis of 30+ bank-wide operational and reporting systems to test data quality, data governance, and data integrity
- Validated the migration of a new Credit Risk Data Mart for use in regulatory and management reporting using Oracle and Microsoft SQL ensuring data accuracy for end users
- Presented PowerPoint slides in twice weekly meetings to the Chief Data Officer of a multinational bank to share updates on data quality analysis and remediation
- Analyzed hundreds of data quality issues using SQL and met with relevant stakeholders for remediation increasing data quality across the bank
- Developed control models in SQL to flag data quality issues related to completeness, accuracy, and validity that were then examined for remediation

ROPES & GRAY, Boston, Massachusetts   Jun. 2017 - Aug. 2017
Strategy and Planning Analyst Intern

- Retrieved data using Business Objects in order to perform analysis with Excel
- Executed monthly reports that were used by other members of the firm as baselines for analyses
- Produced summer-long final project which included analysis and hypothesis testing with Excel
- Presented final project to 9 members of the Strategy and Planning team who leveraged the results of the analysis for future strategic decisions
